Twin Falls District #411

Bonnie Anderson, Region V Director

Rockland School District #382

April Burton, Region VI/VII Director

## President's Message January 2011

Welcome back - I hope everyone had a great Holiday.

Here we go again! By now we have all rang in the New Year and now are preparing for a brand new one! With the New Year, challenges are sure to follow. The ISEE project has proven to be one of the tougher challenges this year and still remains a constant battle for most districts in Idaho. Budget crisis is still upon us and I know personally I am thankful to be a part of IASBO, with its huge knowledge base of members.

In June, we awarded Mike Chatterton from Blaine School District the School Business Official of the Year award. Congratulations Mike! It is not too early to start thinking about nominating an individual for the 2011 School Business Official Award. Information will be sent out in April.

Our annual spring finance workshop will be held in Boise again on March 3rd. The location has changed to the Hilton Garden Inn. Thank you to Tim Hill, and his staff for presenting again this year. We have also invited Lester Wyer and Warren Danforth to present in March. The registration form and agenda are available on our website, [www.idahoasbo.org](http://www.idahoasbo.org).

Our June conference will once again be at the Riverside DoubleTree Hotel. It will be held June 22nd - 24<sup>th</sup>, please contact Tom Taggart if you have any questions.

Finally, I encourage all of you to support your regional directors and our organization. I truly believe the network that exists within our membership can be of assistance to each and every one of us.

I look forward to seeing each of you in March.

Thank you,

Jenn Johnson  
President

### Idaho Association of School Business Officials Mission

It is the mission of the Idaho Association of School Business Officials to provide programs and services which promote high standards of school business management practices, professional growth and the effective use of educational resources.
